Dear Roger Dainty

HTA Licence 22503

Further to our conversation last week, I write to provide confirmation that Future Health Technologies are licensed by the UK's Competent Authority under the Tissues and Cells Directive – The Human Tissue Authority (HTA).

Future Health Technologies are licensed under HTA Licensing number 22503 to undertake the following licensable activities: Procurement, Testing, Processing, Storage, Distribution, Import and export of tissues and cells for patient treatment. Future Health Technologies conduct the above activities in relation to the following tissues: umbilical cord blood, umbilical cord tissue and teeth.

Yours sincerely

Dr Victoria Gauden
Regulation Manager
